

## **Notes from GAP presentation**

Grow our congregation:

We have been working hard to grow our congregation, but we are still in need of some fresh ideas to help us in this aim:

- We have promoted church activities in the BVN – articles about choir, Youth and Junior Church for example.
- We continue to support our Youth Church to grow and develop in their relationship with God and we recognise that engaging with our younger members is an important part of growing our congregation.
- Our plea to you is to help us grow – there are simple things we can all do: talk to our friends, families and neighbours about our experiences of Church and our love of Christ and encourage them to join us. But, we need your help in achieving this objective.
