

All Saints' Braunston: Our Five Year Vision

By 2019 we will if God wills...

Grow our discipleship

Increase active discipleship amongst church members through teaching and learning, witnessing to lives changed by discipleship and working towards "every member ministry and developing the growth of leaders.

Grow in the community

Be fully involved in the community with people from the church involved in community activities at every level.

Develop our pastoral ministry and outreach such that we reverse the perception of the church as a drain on the community, and be seen as a blessing instead

Grow our social engagement

Take Social Action in that we will where necessary challenge ungodly authorities and activity and be the voice of the voiceless.

Support appropriate social action initiatives (E.g. Food Bank)

Support individual church members in their callings outside the church walls.

Grow financially

Improve our Financial Position to the extent that we can meet all our routine expenses through the planned giving scheme and deploy fundraising specifically for social outreach, charity and special projects

Improve our building

Improve and re-order our church Building for mission and worship, improving it in terms of comfort, usability, audibility and suitability for purpose.

Be on top of all significant repair work required.

Grow our congregation:

Grow our congregation by 50% from 2013 ASA of 70 and reduce the average age of congregation by 10 years
